

Company: Plexi-Chemie, Inc.

Location: Varies

Job Category: Sales

Job Title: Manufacturer's Sales Representative

About Plexi-Chemie:

Plexi-Chemie, Inc. is a manufacturer of high-performance, seamless flooring systems for the restoration and protection of concrete surfaces. Our product line includes diversified flooring materials such as high performance epoxy systems, urethane cements, polyaspartic urethanes, polyurea, solvent-based urethanes, and much more. Our corporate office is located in Jacksonville, FL.

Job Description:

Plexi-Chemie is looking for manufacturer's sales representatives in different regions of the United States. We are looking for sales reps to incorporate our product line with other lines already represented. We offer competitive pricing on our products, and a strong commission structure.

Skills/Qualifications:

- Good knowledge of the industrial flooring marketplace
 - Must be organized and able to make presentations
 - Past flooring experience a plus
-
